Plant-Based Burger Patties and Grind Meet Patrons' Demands

Plant proteins as meat alternatives are exploding on menus. National and regional chains are driving this explosion, expanding their menus to include plant-based options. Flexitarians, consumers who eat a plant-based diet with occasional inclusion of meat, are driving the demand. More than 1 in 5 U.S. consumers identify as a flexitarian¹. Grecian Delight's plant-based burger patties and grind help you capitalize on this growing trend without licensing and branding requirements. Grecian Delight's plant-based burger patties and grind are made with pea-based protein making the product soy free. Product is also non-GMO, gluten free, vegetarian and free of artificial preservatives and ingredients with 20 grams of protein!

83% of consumers

consider plant-based meats healthier than meat²

1 in 5 consumers

want to see more plant-based options on restaurant menus¹

59% of consumers eat a plant-based protein at least **once a week**³

Plant-based burgers have **grown 908%** on restaurant menus in the last 4 years⁴

Craveable Ideas to Expand Your Menu with Plant-Based Proteins

Whether it's the popular burger offering or to add plant-based grind to your favorite dishes, Grecian Delight's plant-based burger patties and grind can be used across the menu in a variety of formats.
